LOVE

Often leads to poverty. No real woman ever sold her heart for the luxuries of life. But many a woman who has gladly faced poverty for the man she loved, may well doubt her wisdom when pain becomes the mate of poverty. If she were rich, she thinks, she could find a way of cure. Dr. Pierce's Favorite Prescription is within the reach of every one. It lifts the burden of pain which weighs down those who suffer from womanly diseases. It establishes regularity, dries weakening drains, heals inflammation and ulceration and cures female weakness.

"You have my heartfelt thanks for your kind advice to me," writes Mrs. Geo. Fletcher, of 102 Victoria Avenue, Galt, Ontario. "I was troubled with catarrh of uterus for over a year. The doctors said I would have to go through an operation, but I commenced to use Dr. Pierce's Favorite Prescription and Golden Medical Discovery, also his 'Lecith Tablets' and 'Antiseptic and Healing Suppositories.' Now I am completely cured, after using six bottles of Dr. Pierce's medicine. I am glad to say his medicine has made me a new woman."

Weak and sick women, especially those suffering from diseases of long standing, are invited to consult Dr. Pierce by letter, free. All correspondence is held as strictly private and sacredly confidential. Address Dr. R. V. Pierce, Buffalo, N. Y.

Dr. Pierce's Pleasant Pellets are easy and pleasant to take. A most effective laxative.

THE COLOMBIAN SITUATION.

After a conference yesterday afternoon Colonel Torres, commander of the Colombian troops in Colon, seeing that the situation was hopeless, agreed to embark his soldiers on the royal mail steamer Orinoco, which sailed for Cartagena at 6:30 p. m. A special train from Panama also brought General Tovar and his men, who also sailed on the Orinoco. In all there were 28 officers and 435 men of the Colombian forces who departed, thus leaving the isthmus in possession of the new government. Just as the crisis ended the United States auxiliary cruiser Dixie arrived. The arrangement leading to the departure of the Colombians was made through the efforts of Commander Hubbard, of the United States gunboat Nashville; Superintendent Shaler and Assistant Superintendent Prescott, of the Panama Railroad, who guaranteed that both parties would fulfill the agreement.

It was arranged Wednesday that the government troops should withdraw to the outskirts of the town, and they did so during the night. Yesterday morning, however, Colonel Torres marched the troops to the center of the town, which caused a landing of American bluejackets next morning.

Commander Hubbard, of the Nashville, in an interview said he had offered to re-embark the United States force if the government troops would return to their camp on Monkey Hill, where they passed the night. Colonel Torres, however, refused to return to Monkey Hill, which is situated about a mile from Colon, saying the place was too unhealthy for the soldiers and that it was necessary for them to come to town. Then followed the negotiations leading to the departure of the Colombians.

The American bluejackets were barricaded behind bales of cotton in front of the bank and the railroad building. The commander of the Nashville distributed about 50 rifles to private citizens, who, with the bluejackets, guarded the barricades. The government of the republic is making all possible efforts to prevent bloodshed.

The telegraph lines communicating with the interior of the Isthmus of Panama are kept busy transmitting notices of the inhabitants of outlying place to their adhesion of the recently declared Republic of Panama. The government of the new republic is constantly receiving congratulations from Paris, London, the republics of Central America and from nearly all other parts of the world.

The Municipal Council of Colon has notified the provisional government at Panama of its adherence to the new republic.

The government troops stationed at Penonome, 65 miles southwest of Panama, have joined in the revolutionary movement.

The revolution has been practically bloodless, as only two Chinamen were killed during the bombardment of the city by the government gunboat Bogota. The fire of the warship unroofed one house, a shell hit the tower of the Cathedral, and another fell on the house of Federico Boyd, a member of the revolutionary junta.

The president probably will make a statement today regarding the provisional government of the republic of Panama, of the establishment of which this government was officially informed yesterday.

In view of the latest advances from Colon to the effect that the junta has succeeded in gaining control of the situation, it is currently expected that this government will recognize the newly established government, but it was impossible to secure official information on this point.

"The Isthmian canal will be built by the government of the United States and will be built at Panama," is the significant declaration made with great positiveness by a high official of the Administration in Washington yesterday afternoon. There is no longer the slightest doubt as to the part the United States will play in affairs on the Isthmus of Panama. An official of the Government, who has authority to speak for the Administration, yesterday before the announcement of the Colombians' evacuation, outlined to newspaper correspondents the policy the United States had settled upon. The land and naval forces of this country, which are to be greatly increased if the occasion warrants, will not be withdrawn from the Isthmus of Panama until all danger of conflict between the forces of Colombia and the separatists has passed. Instructions were sent to the naval commanders to prevent the landing on the isthmus of any additional Colombian troops, and at all hazards to prevent the rival forces from coming into armed conflict.

GOLETT DENIES MARRIAGE.—A

report which gained publicity in New York yesterday to the effect that Robert Goelet, a son of Mrs. Ogden Goelet, was married to Miss Eleanor Anderson, daughter of a restaurant-keeper in Sixth avenue, near Forty-second street, was a hoax. Miss Anderson was until recently telegraph operator in the Grand Hotel, but has not been there for the last week. Mr. Goelet says: "There is not one word of truth in the story of my marriage to Miss Anderson. I never heard of her; never saw her, and don't know who she is. I have only been back from abroad a short time, and have but just returned from Newport. This outrageous story coming at this time when all my family are busy with the details of my sister's coming marriage is very distasteful to us."

What to Do Until the Doctor Arrives.

"One of my children was taken with cramp colic and suffered severely," says S. B. Elze, of Monett, Mo. "I telephoned for a doctor, then gave a dose of Chamberlain's Colic, Cholera and Diarrhoea Remedy, and a few minutes later a second dose. Before the doctor came the child was relieved." For sale by Richard Gibson.
